

We would like you to complete as many of these home learning tasks as you can before the end of half term. **When you bring in your home learning, your achievements will be celebrated. Please see the box near the bottom to see how we will do this.**

English		Maths		Other Subjects	
	Imagine an adventure, then perform/act this out.		Create a fractions poster to show all the equivalent fractions you know.		Science: go on a rock hunt to find as many different rocks as possible. Record your findings.
	Practise your cursive joins by copying out your favourite paragraph from your favourite book.		Draw 8 circles. Represent fractions with different denominators using these 8 circles.		Geography: create a piece of art showing how people can live and visit mountains.
	Write interview questions for Oliver. What would you want to know about him?		Produce your own song to help remember your times tables.		History: find out ten things about life in the Indus Valley Civilisation.
	Create your own adjective word bank, including ambitious adjectives with pictures.		Identify five items in your house measured in grams and kilograms. Can you work out the total weight?		French: cook a dish using vegetables and remember to say their names in french.
	Write 5 ways we can help to stop deforestation.		Find five things in your house that are measured in ml. Can you put them in order?		Computing: create your own magazine cover, this can be on any topic you like.
